## State Resources Regarding Unemployment Insurance & Family Leave:

### School Closures

If your child's school is closed, and you have to miss work to be there for them, you may be eligible for Unemployment Insurance benefits. Eligibility considerations include if you have no other care options and if you are unable to continue working your normal hours remotely. [File an Unemployment Insurance claim](#) and our EDD representatives will decide if you are eligible.

### Reduced Work Hours

If your employer has reduced your hours or shut down operations due to COVID-19, you can [file an Unemployment Insurance \(UI\) claim](#). UI provides partial wage replacement benefit payments to workers who lose their job or have their hours reduced, through no fault of their own. Workers who are temporarily unemployed due to COVID-19 and expected to return to work with their employer within a few weeks are not required to actively seek work each week. However, they must remain able and available and ready to work during their unemployment for each week of benefits claimed and meet all other eligibility criteria. Eligible individuals can receive benefits that range from \$40-\$450 per week.

The [Governor's Executive Order](#) waives the one-week unpaid waiting period, so you can collect UI benefits for the first week you are out of work. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.

### **Sick or Quarantined**

If you're unable to work due to having or being exposed to COVID-19 (certified by a medical professional), you can [file a Disability Insurance \(DI\) claim](#). DI provides short-term benefit payments to eligible workers who have a full or partial loss of wages due to a non-work-related illness, injury, or pregnancy. Benefit amounts are approximately 60-70 percent of wages (depending on income) and range from \$50-\$1,300 a week.

The [Governor's Executive Order](#) waives the one-week unpaid waiting period, so you can collect DI benefits for the first week you are out of work. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.

For guidance on the disease, visit the [California Department of Public Health website](#).

### **Caregiving**

If you're unable to work because you are caring for an ill or quarantined family member with COVID-19 (certified by a medical professional), you can [file a Paid Family Leave \(PFL\) claim](#). PFL provides up to six weeks of benefit payments to eligible workers who have a full or partial loss of wages because they need time off work to care for a seriously ill family member or to bond with a new child. Benefit amounts are approximately 60-70 percent of wages (depending on income) and range from \$50-\$1,300 a week. If you are eligible, the EDD processes and issues payments within a few weeks of receiving a claim.
